

Plastic Fasteners

PLASTIC RIVETS

Designed to permanently lock two or more panels together, Plastic Rivets come in a variety of sizes and colours ideal for the majority of fastening applications and requirements.

If the rivet needs to be removed, the pin may be driven through the rivet and then the grommet can be prised out.

A replacement fastener is then required for re-assembly.

Available Colours: white, black, and natural.

Available Sizes: A range of sizes available to suit panels from 1mm to 7.4mm thick.

Made in Australia.

Also Available: Ratchet Rivets, Removable Ratchets, Christmas Tree Clips, and Canoe Clips.

It is the responsibility of the Customer to determine the suitability of products for use in their particular application.

*Minimum order qtys apply, contact details below for order qtys and pricing.
