

Weasand Clip (Butterfly Clip)

The Butterfly Clip provides positive sealing of the weasand and is easily applied by hand.

Australian made from high-strength, food-grade plastic. It is easily applied by hand, forms a secure seal around the weasand, and it will not slip or pull off.

Features;

Fast and easy to apply

- The clip is easy to use and fit. The clip can be applied either way up i.e. cannot be applied up-side-down. No tools required.

Proven to reduce contamination

- Closes to form a secure seal around the weasand, preventing leakage.
- The weasand is cleared of contents during application.

Accommodates varying weasand sizes

- Suitable for all sizes of lambs and sheeps.

Secure

- Will not pull off when the weasand is drawn through the diaphragm during viscera removal.
