

Trellis Clip

The GMP Trellis Clip provides a quick and easy method of securing secondary growth to trellis wires. The flat strap portion of the clip has been designed to ensure minimal damage to the surface of the plant, while the robust clips have been optimised to provide maximum hold in strong winds.

Features and Benefits:

- Suits: 2.5mm - 2.65mm wire. Length: 94mm.
- Gentle on plants. Firm hold on wire.
- Quick and easy to secure secondary growth to trellis wires.
- Ideal for securing irrigation hose to trellis wires.
- Re-usable. Easy to remove and reposition.
- Flexible. With a large thumb print indentation.
- Made from UV stabilised plastic. Durable construction for Australian conditions.
